

Somfy North America is the acknowledged leader in providing environmental comfort and convenience within homes and commercial buildings.

We create movement in homes and buildings to bring comfort, protection and energy savings to the occupants. Our motors and control systems make awnings, rolling shutters and interior window coverings such as blinds, shades and draperies move to block sunlight and glare on demand.

Somfy North America Presence

Somfy North America is one of the Somfy Group's worldwide affiliates, which combines local presence with the power of a global approach.

Somfy North America is comprised of Somfy Systems, Inc., Somfy Canada and Somfy Mexico. Headquartered in Cranbury, NJ, Somfy North America also has distribution facilities and offices in Boca Raton, Florida; Irvine, California; Toronto, Canada and Mexico City, Mexico.

Awareness and Commitment

The need to control energy spending has impacted many professions within the building industry including Architects, Engineers, Material Manufacturers, Construction Companies and more... Further, natural comfort has increasing appeal as a lifestyle for consumers in their homes... Somfy is committed to endorsing clean energy uses, while our products provide energy savings in homes and commercial buildings throughout North America.
